Confidential medical report

Access arrangements and reasonable adjustments (AARA)

The QCAA requires a medical report for medical claims for AARA or illness and misadventure. Medical reports may be completed by the student's general practitioner (GP), medical specialist, or psychologist (registered under Queensland's *Health Practitioner Regulation National Law Act 2009*). The health professional providing a report must not be related to the student or employed by the school. The information provided needs to be current and relate to the relevant assessment period.

Information provided in this report is treated in strictest confidence and is used only for the purpose of determining the AARA application.

Use of this template is *not* required. If the health professional does not use this template, they must supply a current medical report containing all of the following information.

Part B — Illness and misadventure application

This section is to be completed *only* by the health professional (in the case of an unexpected illness or event).

Information for the health professional

- Students who are sick at the time of **external assessment** may request the submission of an illness and misadventure application if they are unable to attend assessment, or if they attend and feel that their performance was adversely affected by illness or misadventure.
- Approval of illness and misadventure requires strong supporting evidence. Medical information provided must be more detailed than a certificate stating that a student has a medical condition and is unfit for duty.
- Note: External assessment cannot be rescheduled. Students should attend if they are well
 enough to do so and there is no risk to others. A late application for AARA can be considered

 if AARA can address the functional impacts of the condition to enable the student to
 participate on the same basis as other students (e.g. use of a computer for a student with an
 injury affecting handwriting; rest breaks for a student who is unable to sit for extended periods
 of time).

About this report

Access arrangements and reasonable adjustments (AARA)

Some students may have disability, impairment and/or medical conditions, or experience other circumstances that may be a barrier to their performance in assessment. Access arrangements and reasonable adjustments (AARA) are designed to assist these students. AARA are arrangements and adjustments made at the time of assessment, such as the provision of extra time, rest breaks and/or varied seating. For more information, visit www.qcaa.qld.edu.au/senior/assessment/aara.

Illness and misadventure

Students may by impacted by temporary illness or a deterioration of an existing medical condition at the time of assessment, or they may by impacted by a natural disaster, accident or significant cultural obligation. These students may be eligible for illness and misadventure adjustments after external assessment.

Note: An illness and misadventure application cannot be made for the same condition or circumstance for which QCAA-approved AARA have been approved, unless it can be demonstrated that a significant deterioration or complication of the condition occurred that diminished the student's performance in external assessment.

Submitting this report

The medical professional should return this form to their patient. The school will submit the report as part of an AARA or Illness and misadventure application via the QCAA Portal.
