At the recent Presentation Evening, I delivered the following address. For those of you who were unable to join us on that wonderful celebration of student achievement, I have included my address in this Newsletter.

Keep shining!

The focus in this school remains….student achievement. We do expect a lot from our students. I know that. It is better to have high expectations rather than too few! Having said this, support for students in this school sets it apart from the rest. It is one the many highlights of this school. We can’t expect students to perform and achieve without support and alternatively we cannot simply support students at a personal level and not expect them to perform and achieve. There has to be a balance. My priority this year has been to focus on this balance.

As we have progressed through the year we have also been working on what are going to be our main areas of work in the next four years. As a result of ongoing and extensive consultation, our strategic plan will continue with our focus on quality learning in a caring environment. After much discussion we have settled on the following statement as encapsulating our school, our culture and our future. We want Mansfield State High School to be a culturally rich, inclusive and supportive learning environment built on mutual respect. This will be characterised by a passionate commitment to high standards which cultivates achievement and the development of individual talents for every child.

We will achieve this through the following four objectives.

Firstly, we will deliver the highest quality curriculum, teaching, learning and assessment practices. A relevant, challenging and engaging educational experience prepares students for both academic success at school and the best possible pathways through life, study and work after school. This is predicated on teaching knowledge and higher order thinking skills in ways that respond to a student’s learning needs and is academically rigorous.

Secondly, we will provide a whole school approach to achieve high standards in literacy and numeracy for all students. It is every student’s right to be literate and numerate in order to be a fully functioning citizen who can participate in and contribute to an increasingly globalised and yet disconnected world.

Thirdly, we will provide a safe and caring environment where all students and staff learn about and value the culture of care within the school. Understanding what it means to be a caring person who knows how to care for oneself and others requires a high school experience that imbues them with tolerance and an appreciation of difference. This requires a framework for thinking about teaching, assessment, intervention, and prevention support so students receive the optimal benefit from their educational experience at Mansfield High.

Finally, we will maintain a school climate where high standards of behaviour, performance and participation are the foundation for students to achieve their potential. A school climate that enables students to reach their potential requires a safe and disciplined school environment. This is predicated on the assumption that every child can achieve and that every child should be expected to behave appropriately and perform to the best of his/her ability.

Mansfield High School acknowledges those who have worked hard and who understand what William Arthur Ward, author of the book entitled Fountains of Faith said: “Study while others are sleeping; work while others are loafing; prepare while others are playing; and dream while others are wishing.” This is how you achieve, through hard work.

In conclusion let me say to each student here tonight that I am very proud of you! As Christopher Robin said to Pooh Bear: “Promise me you will always remember – you are braver than you believe, stronger than you seem and smarter than you think.”

STOP PRESS…2012 Student Leaders announced. Stay tuned for more information in the next Newsletter.

MANUAL ARTS NEWS
This term as part of their Year 11 Built Environment Unit, students from Mr Romero’s and Mr Nair’s Graphics classes were given a design brief to redevelop our central lawn area or the ‘Vegie Patch’ as it is fondly known. SCHOOL COMMUNITY NEWS
Due to a change in my home situation, it has become necessary for me to change my role at our wonderful School. Next year I will be at the School for one day per week. This means there will be a new person as the School Community Liaison Officer and further in this Newsletter is a ‘position vacant’ advertisement for the position. I am NOT leaving completely and will be here to assist the new person and to take on other projects. I have thoroughly enjoyed the position of Liaison Officer and particularly my association with our students and staff. You are all wonderful! However, there is still the rest of this year ahead and we have so much to celebrate!

Rauchle Service Club Soap Drive 2011
Hopefully by now the soaps have arrived at home. A huge thank you goes to all who have supported our annual Soap Drive. I am delighted to advise that the profit from the Drive is just in excess of one thousand dollars – a superb effort by everyone. I know you will enjoy the soaps. We apologise that the following soaps which were not available - Red for Men; Vanilla Fields; Choc Mint; Moroccan Mint. We have substituted with some other beautiful soaps which we hope you will enjoy just as much.

5 Cent Drive
This was also successful with just under four hundred dollars raised – it all helps when it comes time to organise the distribution of gifts to the Mater Children’s Hospital, Can Teen Queensland for teens with cancer and Guide Dogs Queensland for ‘Whim’ our very own Guide Dog Breed dog. In the next newsletter I will give a full account of all donations for the present year.

MiniMovers to give $5000 to Year 12 graduate.

We would like to make your Year 12 students aware of the following press release to win $5000 towards their university costs.

High school graduates can enter between November 1 and November 30, 2011 to win $5000 towards any University costs in 2012.

MiniMovers is awarding a bursary prize to a student who needs assistance, shows determination to complete their studies, and will most likely start a business after studying. MiniMovers owner Mike O’Hagan said the MiniMovers bursary encourages young entrepreneurs and provides financial assistance to help them get started in business. “We need to stop boxing our leaders into a managerial mindset and encourage risk taking and entrepreneurship,” Mr O’Hagan said. He said Australia is rapidly falling behind the rest of the world because entrepreneurship is ignored at all levels of education. “Students are being institutionalised, they are being pushed straight from school, to university, then out to the working world, there is no room for young entrepreneurs. It is such a shame, because so many young people have fantastic ideas, and all they need are a little drive. MiniMovers was started with two men and a ute,” he said. Mr O’Hagan challenges students to think for themselves and not follow blindly.

For Year 12 students to enter the competition please go to www.minimovers.com.au/bursary to view the terms and conditions and submit your entry. For more information phone Steve Herbert on 0408 782 904.
