Application to enrol in a Queensland state school

This sheet contains information on how to complete the Application for student enrolment form (SEF-1 Version 8).

Entitlement to enrolment

Under the *Education (General Provisions) Act 2006 (Qld)* a state school must enrol a prospective student if they are entitled to enrolment. While not exhaustive, the following matters may affect a prospective student's entitlement to enrol in a state school:

- if the school has a School Enrolment Management Plan or an Enrolment Eligibility Plan (enrolment is subject to eligibility under the plan)
- the applicant is a prospective mature age student (the applicant can only apply for enrolment at a mature age state school and will be subject to a satisfactory criminal history check, or as a student in a program of distance education. All prospective mature age students must have a remaining allocation of state education.)
- the prospective student is not of correct age for enrolment (relates to Preparatory Year and Years 1 to 6)
- the prospective student has been excluded, or is subject to suspension from a state school at the time of the application
- the school principal reasonably believes that the prospective student presents an unacceptable risk to the safety or wellbeing of members of the school community (application is referred to the Director-General)
- the school is a state special school and the prospective student does not meet the criteria for enrolment in a special school
- the proposed enrolment requires approval as part of a flexible arrangement under s.183 of the *Education (General Provisions) Act 2006 (Qld)*, and the arrangement has not yet been approved
- the prospective student is not an Australian resident or citizen or the child of an Australian permanent resident or citizen (visa restrictions may apply, fees may be charged, in some cases legislation requires that the prospective student must obtain approval from the Chief Executive via Education Queensland International (EQI) to enrol)
- the school does not offer the year level that the prospective student should be enrolled in
- the prospective student has no remaining semester allocation of state education. Enrolment cannot proceed until additional semesters are applied for by the prospective student (or parent on their behalf) and granted.

Prospective student

A prospective student is a person who has applied to enrol at a state school but who has not yet been accepted for enrolment.

Parent's occupation and education

All parents across Australia, no matter which school their child attends, are asked to provide information about family background (answering this question is optional). The main purpose of collecting this information is to promote an education system which is fair for all Australian students regardless of their background.

Court Orders

Any court orders concerning the prospective student's welfare, safety or parenting arrangements should be provided to the school, and the school should also be provided with any new or updated orders.

Name on enrolment form

A prospective student should be enrolled under their legal name as per their birth certificate. There is provision to also record a preferred family and/or given name. The preferred name will be used on internal school documents such as class rolls. The legal name will appear on semester reports unless there is a specific request to use the preferred name only. This request can come from parents/carers or the student (if the student is independent/mature age).

Gender

Information about gender is supplied to the Federal Government to comply with State funding agreements. The gender category with which a person identifies may not match the sex they were assigned at birth. There is no requirement for a student's gender recorded on this form to align with the sex shown on their birth certificate or passport.

Religious Instruction

Religious instruction is a program approved and provided by a religious denomination or religious society. Other instruction relates to part of a subject area that has been covered within the curriculum and may include, but is not limited to, personal research and/or assignments, revision of class work, and wider reading. Information about religious instruction available at the school, and about other instruction, is provided by the school at the time of enrolment and on the school's website.

Introduction to the State School Consent Form (attached) for Mansfield State High School

This letter is to inform you about how we will use your child's personal information and student materials. It outlines:

- what information we record
- how we will use student materials created during your child's enrolment.

Examples of personal information which may be used and disclosed (subject to consent) include part of a person's name, image/photograph, voice/video recording or year level.

Your child's student materials:

- are created by your child whether as an individual or part of a team
- may identify each person who contributed to the creation
- may represent Indigenous knowledge or culture.

Purpose of the consent

It is the school's usual practice to take photographs or record images of students and occasionally to publish limited personal information and student materials for the purpose of celebrating student achievement and promoting the school and more broadly celebrating Queensland education.

To achieve this, the school may use newsletters, its website, traditional media, social media or other new media as listed in the 'Media Sources' section below.

The State School Consent Form may, at your discretion, provide consent for personal information and a licence for the student materials to be published online or in other public forums. It also allows your child's personal information and student materials to be presented in part or alongside other students' achievements.

The school needs to receive consent in writing before it uses or discloses your child's personal information or student materials in a public forum. The attached form is a record of the consent provided.

It should be noted that in some instances the school may be required by the *Education (General Provisions) Act 2006* (Qld) or by law to record, use or disclose the student's personal information or materials without consent (e.g. assessment of student materials does not require further consent).

Voluntary

There will not be any negative repercussions for not completing the State School Consent Form or for giving limited consent. All students will continue to receive their education regardless of whether consent is given or not.

Consent may be limited or withdrawn

Consent may be limited or withdrawn at any time by you.

If you wish to limit or withdraw consent please notify the school in writing (by email or letter). The school will confirm the receipt of your request via email if you provide an email address.

If in doubt, the school may treat a notice to limit consent as a comprehensive withdrawal of consent until the limit is clarified to the school's satisfaction.

Due to the nature of the internet and social media (which distributes and copies information), it may not be possible for all copies of information (including images of student materials) once published by consent, to be deleted or restricted from use.

The school may take down content that is under its direct control, however, published information and materials cannot be deleted and the school is under no obligation to communicate changes to consent with other entities/ third parties.

Definitions

1. Reference to a "parent" is in accordance with the definition in the *Education (General Provisions) Act 2006* and refers equally to an independent student.

The State Education Fees Scheme (SEFS)

2. The cost of providing instruction, administration and facilities for the education of students enrolled at state schools is met by the State.
3. The school is not responsible for providing textbooks, in-class consumables and personal resources for students.
4. The SEFS enables parents to access certain resources, as detailed by the school, for an annual fee.
5. Participation in the SEFS is optional: parents are under no obligation to participate.

Textbook and Resources Allowance (TRA)

6. The State provides the TRA annually to parents of eligible secondary students to assist with the costs of education.
7. The TRA is paid to the school based on enrolment data and will reduce the cost of participating in the SEFS.
8. Parents who choose NOT to participate in the SEFS and whose children are eligible for the TRA have the option to receive the TRA as a credit to their child's school account or directly from the school.

Parents and Citizens' (P&C) Association support of the SEFS

9. All parents are invited to participate in the annual meeting of the P&C Association at which the income and expenditure report is presented and the proposed SEFS inclusions and fees are tabled for approval.

Parents experiencing financial hardship

10. Principals may vary payment options and /or waive all or part of the SEFS for parents experiencing financial hardship.
11. Parents experiencing financial hardship who wish to participate in the SEFS should contact the Business Manager to discuss options.
12. The onus of proof of financial hardship is on the parent.
13. The school may require annual proof of continuing financial hardship.
14. All discussions will be held in the strictest confidence.

Parents participating in the SEFS

15. Parents indicate whether or not they wish to participate in the SEFS by completing this Acknowledgement of Subject Fees Form.
16. Invoices for the amount of the annual participation fee will be issued to the parent providing consent to participate in the SEFS.
17. This agreement is for the duration of the student's enrolment at the school, unless a new Acknowledgement of Subject Fees Form is completed.
18. Parents must notify the school before the invoice due date if they intend to cease their participation in the SEFS in any year.
19. Where a parent chooses to participate, they are agreeing to pay the annual participation fee.
20. All SEFS resources provided for the student's temporary use remain the property of the school and must be returned when requested by the school or if the student leaves.
21. Parents are responsible for ensuring that any SEFS resources provided for the students temporary use are kept in useable condition. Where an issued item is lost, not returned, or negligently damaged, parents will be responsible for payment to the school of the value of the item or its repair.
22. Parents must inform the school if items on the list of resources are not received.
23. Non-payment of the participation fee by designated payment dates may result in debt recovery action in accordance with the Department's Debt Management Procedure. In such cases, the principal may:

- Withdraw the student's participation in the SEFS
- Require the return of items provided by the SEFS
- Withhold the provision of any further items under the SEFS
- Refuse participation in the SEFS where participation fees are overdue from the previous year/s,
- Exclude the student from optional, non-curricular activities, and/or
- Initiate debt recovery action.

Parents NOT participating in the SEFS

24. Parents indicate whether or not they wish to participate in the SEFS by completing this Acknowledgement of Subject Fees Form.
25. This agreement is for the duration of the student's enrolment at the school, unless a new Acknowledgement of Subject Fees Form is completed.
26. Where a parent has previously indicated that they will participate in the SEFS, but wishes not to participate in any year/s, the parent must notify the school prior to the invoice due date of their intention to cease participation.
27. Parents who choose not to participate in the SEFS are responsible for providing their child with all items that would otherwise be provided by the SEFS. School-produced resources (e.g. Student Diary) will be available for separate purchase from the school for non-participants.

Operating the SEFS

28. Schools will provide all parents with a list of resources provided by the SEFS to enable parents to assess the cost effectiveness of participation.
29. Schools will also provide non-participating parents with detailed lists of resources to supply for their child.
30. All items included in the SEFS must be able to be independently sourced by parents who choose not to participate in the SEFS, either from a third party supplier or by purchasing a school-specific-resource (such as a diary or workbook) from the school.
31. Schools may distribute information and invoices to parents in the year preceding the SEFS but invoices must not be due before the end of the first week of term 1 of the SEFS year. All invoices must have a minimum of 30 days for payment.
32. Parents must be given the option annually to choose not to participate in the SEFS.
33. In return for payment of the participation fee, the SEFS will provide participating students with the resources and materials as outlined in the school SEFS documents.
34. SEFS monies received are to be expended only on student resources outlined in the school's SEFS and must not be expended on other items or used to raise funds for other purposes.
35. As the SEFS operates for the benefit of participating parents and is funded primarily from participation fees, the school retains control of the resources and determines the rules around their availability to non-participants.
36. A student entering the school during the school year is entitled to pay a pro-rata fee to participate.
37. Where participation fees have been paid and a student leaves the school during the year, schools must determine if parents will be eligible for a pro-rata refund. This calculation will also take into account any pro-rata allocation of the TRA (if eligible) and any outstanding SEFS debts (including any debts from damaged or non-returned items). Where the cost of outstanding debts is higher than the calculator refund, parents will be liable to pay this balance of funds.
38. The replacement cost of any resource will be up to the maximum value (subject to depreciation where appropriate) of the acquisition cost to the school, as detailed on the annual SEFS information provided to parents.
39. Schools may initiate debt recovery action in accordance with the debt management procedure where a parent has an outstanding debt.

My child wants to participate in the Instrumental Music Program	☐ Yes ☐ No

Background

The co-curricular Instrumental Music Program at Mansfield State High School is one of the most extensive and successful co-curricular music programs in Queensland.

With over 600 students actively participating, Mansfield's Instrumental Music Program offers all students exceptional music education through participation in a range of group lessons, instrumental ensembles and choral groups.

All students enrolled at Mansfield State High School are eligible to participate in the Instrumental Music Program if they currently learn an instrument at their current school and/or with a private teacher.

Instrumental Music classes

All students enrolled in the Instrumental Music Program are required to attend a weekly lesson during class time. Instrumental music lessons are 35 minutes in length; students miss half of a subject lesson each week to attend instrumental music lessons. These lessons are rotated so your student does NOT miss the same lesson each week. Students agreeing to be part of the Instrumental Music Program must also be a member of one of our core ensembles.

Vocal and guitar lessons are offered on a 'user-pay' basis but there are no lessons offered for piano.

One-to-one laptop program

Mansfield State High School has always had a strong emphasis on providing students every opportunity to achieve or exceed their potential academically, culturally and socially. As a school we recognise the importance that technology is now playing in everyday lives beyond school, including universities and the workplace. As a result, Mansfield State High School has a one-to-one personal laptop program. All students are required to bring a personal laptop to school. Detailed information is available on the school website.

There are a range of options for providing a device. If your child already has a suitable device, they may be able to bring this to school (Bring your own device or BYOD). Alternatively, there is a school purchased laptop program where you pay a participation fee and the school buys and maintains ownership of the device including installation and maintenance of all software for three years. Other options can be negotiated based on need including the use of loan devices.

School laptop program

The school laptop program is a cost-effective three-year program with entry points in Year 7 and Year 10. In this program the school bulk purchases laptops for students. The school maintains ownership for three years. At the end of three years the laptop may be transferred to the family after all school software is removed and a new version of the current Windows OS is installed. The school laptop program includes the following benefits:

- A robust commercial grade device built for the rigours of school and guaranteed to work on the school network
- Inclusion of extended warranty and accidental damage protection
- Computrace capability to allow tracking in case of theft
- Fully compatible software including enterprise operating system with automatic updates and patches. Health of system is monitored and maintained by technical staff.
- All school specific software included, installed and maintained
- Full technical support via IT Helpdesk including a hot swap device if repairs are needed
- Internet is filtered at school and at home (Social media sites blocked in school hours).

To join the program, the participation fee is paid in full prior to delivery. Payment options are available but must be finalised prior to delivery which is scheduled at the beginning of the school year. If this is not suitable, the best option is BYOD where longer payment plans are available. Indicative costs and specific model of the laptop are to be determined later in 2023.

Sample laptop

Below is a standard specification laptop suitable for all years. Current price through the school, including operating system and all school required software is approximately \$1,550 in 2023.

- Intel Core i5
- 8GB RAM
- 256GB SSD
- 14" Touch Screen & Stylus Pen
- 3yr Warranty & Accidental Damage Cover
- Protective Case

Bring Your Own Device (BYOD)

Students can bring their own device if the device meets certain minimum specifications. The sample device on the previous page is a good guide for recommended specifications. This can be a device you already own or one you want to purchase yourself. We have made selecting a BYO device easier by arranging several vendor portals. Portal information can be found on our website: <https://mansfieldshs.eq.edu.au/extra-curricular/computer-and-internet/bring-your-own-device-b-y-o-d#PORTALS>

If BYOD is your preferred option, please be aware of these considerations:

- Many cheaper devices do not have sturdy cases and are more prone to damage when being transported in students' bags.
- Older laptops may suffer from a shortened battery life and a replacement battery may be necessary to ensure it lasts a full school day.
- Families are responsible for all repairs and warranty claims. It is highly recommended that extended next business day warranty is purchased along with accidental damage protection. It is also important to check your contents insurance to see if the laptop is covered or can be added to the policy for loss or theft.
- Microsoft Office and Adobe CC applications can be installed for free on BYO devices. However, some software may not be covered by school licences e.g. QAX, MYOB, Sibelius etc. Information will be provided when choosing subjects. These programs will need to be installed by the family.
- Support from IT Technicians will not be able to include hardware issues and can only offer assistance limited to connecting to the school network and installing school software.
- Some vendors may offer the option to have the device repaired at school. This would require first arranging the service with the vendor and leaving the device at an IT collection point for repair.
- Internet is filtered at school but not at home. Advice can be provided for securing home internet.

There are a range of cheaper laptop options from various electronics stores that may appear to be a bargain. It is our experience and the experience of many current BYO schools that these cheaper models do not last as long as the models offered in the school laptop program and this results in a poor experience for the students. Please consider the models offered in the BYOD Portals.
