Acceptance (Please tick)

<input type="checkbox"/>	I have read and understood the <i>One-to-One iPad Program Guide for Technology Integrated Curriculum (TIC)</i> and the <i>COPE Participation Agreement</i> and agree to abide by the guidelines set forth in these documents and also agree to pay the participation fee either up front or via a payment plan agreed to with the school. I understand I am entering into a contract and unable to terminate this arrangement before full payment is finalised, including the instance whereby the student leaves the school. I also understand I am liable for the full cost of the device, and any failure to make payments by due dates may result in debt recovery action being undertaken, including, where warranted, referral to the Department Debt Recovery Agency. I also understand my student will not be permitted to participate in optional school activities if my payment arrangement falls into arrears.
<input type="checkbox"/>	I am aware that I do not own the device and that it belongs to the school for the length of the participation agreement. Transfer of ownership can only happen at the end of the agreement and after all school-licensed software has been removed.
<input type="checkbox"/>	I understand that, for the third year, the school recommends I cover the device against accidental damage (which the school cannot do either through the Department or through Apple), by making a provision in my own insurance policy to protect against accidental damage for personal items or by extending the Apply Care+ policy.

Payment Arrangements

You will be sent an invoice after this form has been received and processed by the school. Payment can be made in full or fortnightly payments of \$310.00 (2021 pricing) commencing from date of invoice with final payment to be made by 28 January 2022.

Responsible Use Agreement Form 2022

The goal is to ensure the safe and responsible use of services available to students through the provision of clear rules and guidelines. The student must understand that the right to use a device at school is conditional on the student abiding by these rules and guidelines. The device is primarily provided for an educational purpose. It is not provided for a recreational purpose. Failure to use the device in a responsible way may result in the student losing the device or losing the right to use the school network. When at school the student's use of their device, in or out of class, is determined by a teacher. At all times the student is obliged to follow a teacher's instructions regarding the student's use of his or her device. These rules and guidelines are set forth in both the [One-to-One iPad Program Guide for Technology Integrated Curriculum \(TIC\)](#) (see pages 9-10) and in the Mansfield State High School Student Handbook. Responsible use requires that the student follows the rules and guidelines for the use of the device.

Breach of responsible use

Students will be held responsible for any actions caused by other persons using their account with the student's knowledge. The school reserves the right to limit access of devices to the intranet, internet, email or other network facilities to ensure the security of the network and to provide a safe environment for all. The misuse of devices may result in disciplinary action which is not limited to the withdrawal of access to school services.
