

Mansfield State High School

Year 10 Application for TAFE Health Care Taster Program

Student Name:	
SDP class:	Date:

TAFE QLD is offering a Health Care Taster program to eligible year 10 students to get hands-on experience in an essential service industry without committing to a full qualification. Students get to see if this industry is the right option for them and test out a potential career path that they're considering following in the future. The selected health units of competency provide a realistic and practical pathway for school students to understand entry-level work within the health care services sector, and enter a range of further qualification levels to assume a valued health care role.

The Year 10 Health Care Taster Program will deliver training to a small group of up to 30 students, one day per week for eight weeks. Throughout the program, students will complete individual competencies from the Certificate II in Health Services Assistance but will not complete a full certificate or obtain any QCE credits.

The Year 10 Health Care Taster Program will be available at the South Bank campus only (66 Ernest Street, South Brisbane).

This program is only available to Year 10 students. This program does not exhaust a student's VETiS funding entitlement but Departmental funding rules exclude students who are currently enrolled into a VETiS funded qualification. This means that if a student is currently enrolled into a VETiS funded qualification, unfortunately they are unable to enrol into the Health Care Taster Program.

Approved students will need to maintain their 6-subject study-load whilst completing this course.

Step 1 – Parent Approval

I, Parent/Caregiver _____ give permission for the student named above to participate in the TAFE Health Care Tester Program.

Parent/Caregiver signature:	
Date:	
Preferred Campus:	

Step 2 – Gain school approval from the Head of Year 10
