Dear Student/Parent/Guardian

Selections will be conducted online. Students can access the site by using this link

Please note that once students have made a commitment to an activity, they must remain there for the duration of the Block (9 weeks). Consequently, it is important to discuss activity selection with your student, keeping in mind such issues as the cost of the activity and your student's particular interests and abilities.

Please find overleaf a brief description of the activities offered in Block 1, including information regarding venues and any cost involved. **An activity might not go ahead due to low numbers.** Students will be advised of any changes on parade and/or in SDP meeting.

It is not always possible for students to get their first or even second preference, so please ensure that your student decides on at least four choices. (Only pick one activity)

For any further information, please contact the school.

Yours faithfully
