ANNIVERSARY
1974 - 2024

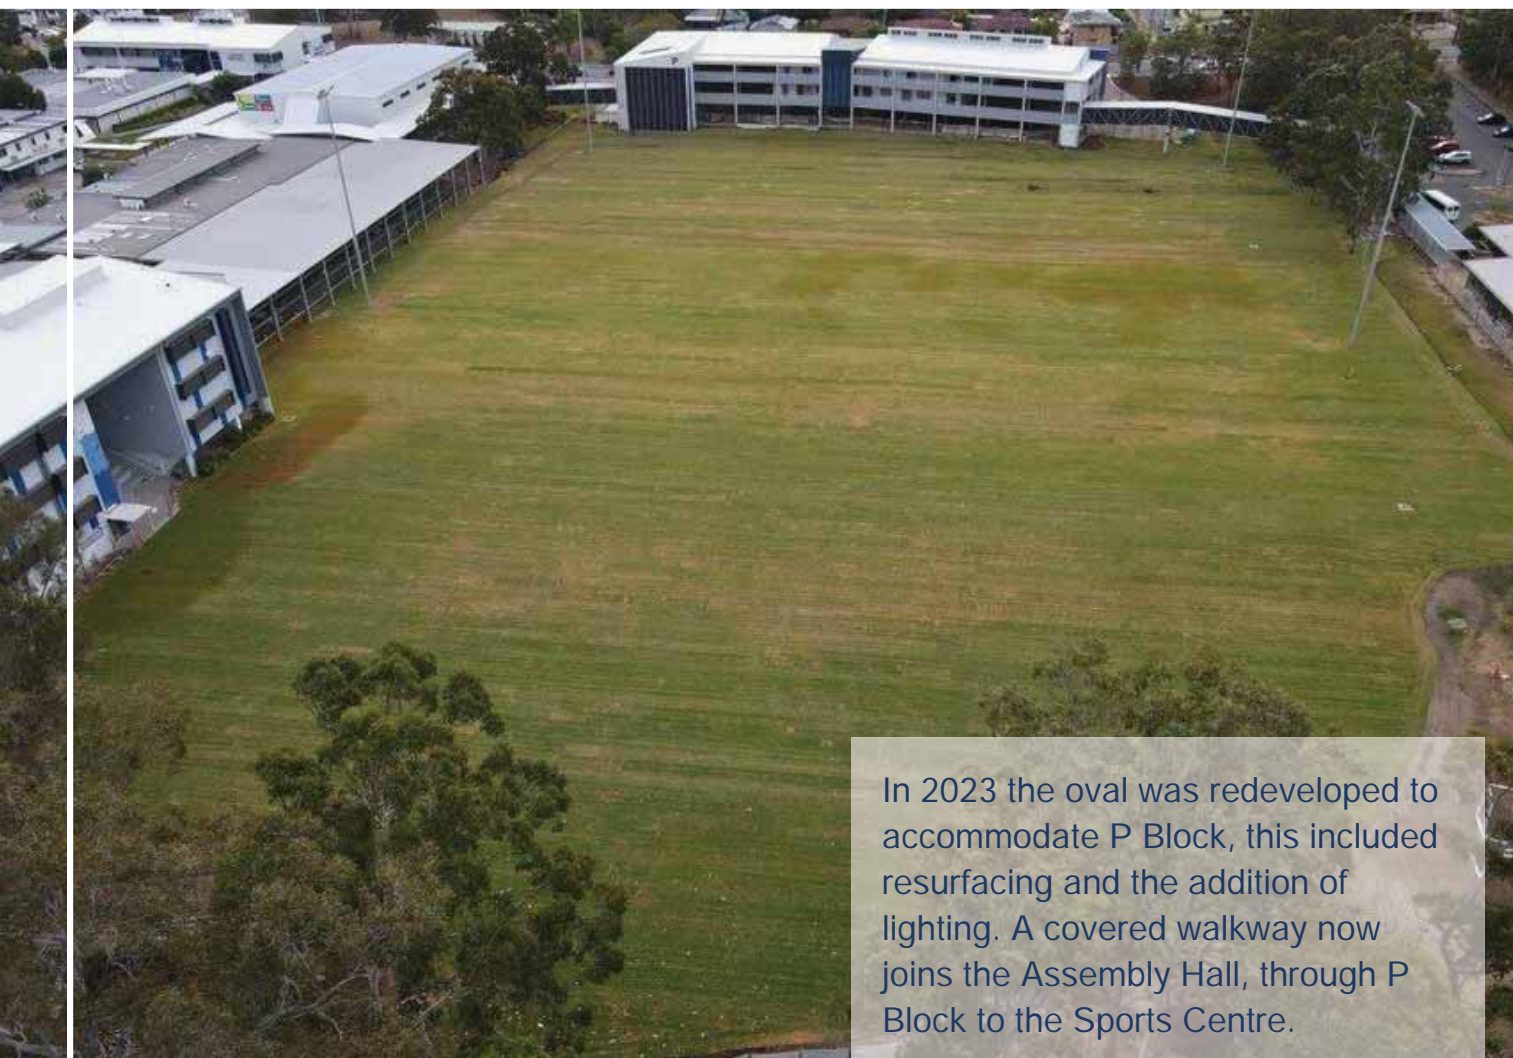

Terraces & Oval

In 1975 the grounds were fenced and the eastern playing field was cleared and levelled before being grassed by students bringing squares of turf from home. In 1977 the creek (students' swimming hole) was piped, and the main oval completed. The Terraces commenced as a slope down to the oval, later to be 'Terraced'. The first awning was damaged in a storm in January 2013. The awning covering outside of F Block was extended in 2019 to cover the entire area through to J Block.

In 2023 the oval was redeveloped to accommodate P Block, this included resurfacing and the addition of lighting. A covered walkway now joins the Assembly Hall, through P Block to the Sports Centre.
